

# REPORT

OF THE

## Charity Hospital

OF LOUISIANA

AT NEW ORLEANS

**JULY 1st, 1937, TO JUNE 30th, 1939**

# Form of Gift or Bequest

I give (or bequeath) to CHARITY HOSPITAL of Louisiana at New Orleans, the sum of

\_\_\_\_\_ Dollars,  
to establish a Bed "ENDOWMENT FUND".

It is agreed that this fund is to be judiciously invested and the revenue therefrom applied solely to charitable work in said institution.

\_\_\_\_\_  
Full Name

Date \_\_\_\_\_

\_\_\_\_\_  
Address

Resolution Adopted July 19th, 1926.

The Board of Administrators of the Charity Hospital of Louisiana, New Orleans, does hereby agree and bind itself and its successors in office as a condition precedent to the receipt of donations or bequests to the "Bed Endowment Fund", to put aside unimpaired in perpetuity and invest said funds, and keep same perpetually invested in high grade bonds or other interest bearing securities, and the interest earned thereon to be dedicated and used exclusively for the furtherance of its charitable work.

# Bed "ENDOWMENT FUND"

<p>Memorial Bed Endowed By ADELE EMILY ROESSLE New Orleans 1926</p>	<p>Memorial Bed Endowed By JOHN FLEMING New Orleans 1938</p>

## EXTRACT

from Minutes of Regular Monthly meeting, Board of Administrators, Charity Hospital of Louisiana at New Orleans held November 26, 1923:

"WHEREAS, Mr. Lewis E. Prest of New Orleans, having expressed his desire to donate to the Charity Hospital in memory of his mother and sisters, a sum to equip an observation room with four beds, and in addition thereto, an investment to yield approximately three hundred dollars (\$300.00) per annum for the maintenance of said room, therefore, be it

"RESOLVED, That the Board of Administrators of the Charity Hospital does hereby gratefully accept the kind offer of Mr. Prest, and be it further

"RESOLVED, That the Board of Administrators of the Charity Hospital does hereby bind themselves and their successors in office, as a condition precedent to the receipt of said donation, to put aside unimpaired in perpetuity the investment of amount donated the interest to be dedicated to and used from time to time as may be needed exclusively for the refurnishing, repair, and maintenance of said Observation Room, the principal to remain forever unimpaired. Be it further

"RESOLVED, That a suitable tablet be placed in the Observation Room at the Charity Hospital, testifying the benevolence of Mr. Prest as a memoriam to his mother (Mrs. Catharine Sutton Cathcart Prest) his sisters (Misses Mary Eliza Prest, Louise Ellen Prest, and Catharine Martha Buford Prest)."

**STATE OF LOUISIANA**

OFFICE OF

SUPERVISOR OF PUBLIC FUNDS

BATON ROUGE, LA.

October 2, 1939.

Hon. Earl K. Long, Governor,  
State of Louisiana,  
Baton Rouge, Louisiana.

Dear Sir:

The semiannual audit of the accounts of the Charity Hospital at New Orleans for the periods ending December 31, 1938 and June 30th 1939— has been made. The detailed reports covering the various funds, submitted to this office by Mr. Fred W. Matthews, Secretary-Treasurer, were checked against the books and records.

The following tabulation shows the total receipts, expenditures and balances of each fund as well as the combined totals of all funds.

Funds	Balance 7-1-38	Receipts 6 Months	Total	Expended 6 Months	Balance 12-31-38

*Paid in advance					

All disbursements were carefully examined and found to be supported by satisfactory vouchers.

The cash balances were verified by statements from the banks and all stocks and bonds owned by the Hospital were verified with statements of the trustees.

A bond and coupon schedule will be found with the June 30, 1939 report.

Courtesies extended by Mr. Matthews and the other employees are greatly acknowledged.

Yours very truly,

F. S. Shattuck,

Supervisor of Public Funds.

## PATHOLOGICAL DEPARTMENT

Report of the activities of the Department of Pathology for the fiscal year  
(July 1, 1937-June 30, 1938).

Bodies available for autopsy.....	2,316
Number of autopsies.....	1,166
Percentage .....	50.3%

### DEPARTMENTAL EXPENSES

Salaries and Wages .....	\$42,284.12
Supplies .....	3,186.31
Apparatus and Instruments .....	347.38
Animals and Feed .....	1,518.33
Total.....	\$ 47,336.14

### STATISTICAL REPORT OF EXAMINATIONS

Auxilliary Clinic Labroatory .....	69,135
Bacteriology .....	29,684
Autopsies .....	1,166
Bio-Pathology .....	31,571
Serology .....	61,611
Hematology .....	5,736
Bio-Chemistry .....	24,359
Basal Metabolism .....	2,054
	225,316
Antirabic Vaccinations .....	14,836
Total .....	240,152

RIGNEY D'AUNOY, M.D.,  
Pathologist and Director of  
Laborotories.

# PATHOLOGICAL DEPARTMENT

Activities of the Department of Pathology for the year (July 1, 1938-June 30, 1939).

Bodies available for autopsy .....	2,382
Number of autopsies performed .....	1,435
Percentage .....	60.2%

## DEPARTMENTAL EXPENSES

Salaries and Wages .....	\$45,360.43
Supplies .....	4,184.21
Apparatus and instruments .....	69.37
Animals and feed .....	2,116.95

## STATISTICAL REPORT OF EXAMINATIONS

Auxiliary Clinic Laboratory .....	73,743
Bacteriology .....	36,062
Autopsies .....	1,435
Biopathology .....	42,192
Serology .....	78,966
Hematology .....	12,239
Biochemistry .....	30,089
Basal Metabolism .....	2,576

**ALLERGIC CLINIC REPORT**  
**CHARITY HOSPITAL OF LOUISIANA**  
**at New Orleans**

July 13, 1938.

To the Board of Administrators,  
Charity Hospital,  
New Orleans, La.

Gentlemen:

I beg to submit this my report on the work done in the allergic clinic of the Charity Hospital during the fiscal year 1937-1938: We gave 8107 treatments; there were 129 new cases, besides 350 cases referred for testing from the other departments.

Owing to the limited facilities, we were not able to administer as many treatments as during previous years but corrected this by administering larger doses at longer interval with advantage.

Owing to marked increase in the grass pollen concentration in New Orleans the incidence of pollinosis from that source among the non immune was higher than previous years; but those under proper supervision showed a remarkable freedom this year. We hope with the weed cutting campaign extensively carried on under the combined supervision of State and Federal force that the ragweed season will be mild.

We collected data on the following subjects through clinical research:

1. Behavior of the thrombocytic in allergy.
2. Efficiency of oral dose of pollen by means of Enteric Coated pills.
3. Clinical effect on the asthmatic spells from a combination of atropine and Papavereine.

We have made known the result of the above investigation through the usual channels.

Grateful acknowledgment is made to the following persons for assistance in experimental work:

Abbott Laboratory,  
Lederle Laboratory,  
Winthrop Chemical Company,  
Arba Pharmaceutical Company,  
Sharpe & Dohme Laboratories.

DRS. THIBERGE AND CABOCHE.

July 1st, 1939.

To the Board of Administration,  
Charity Hospital,  
New Orleans, La.

Gentlemen:

I beg to submit this my report of the work done in the allergic clinic of the Charity Hospital during the fiscal year 1938-1939: We gave 8715 treatments; there were 98 new cases besides 416 cases referred for testing from the other departments.

With the increased facilities as to space and personel, we will be able to administer pollen extracts in larger doses at more frequent intervals and look forward to effective control of the allergic.

We are preparing for submission to the L. S. U. Staff a report of the 50 cases to whom oral pollen in enteric coated pills was administered. As a preliminary to this research we had shown at the July 1939 meeting of the O. P. M. S. that ragweed extract lost its skin reaction power when predigested by gastric juice.

The second part of this report to be submitted indicated that patients in our department under the oral treatment absorbed the pollen dose promptly and were markedly benefited. Up to the present, 12 were well controlled, 2 were aggravated and the 36 remaining reported marked improvement, many volunteering the statement that this was the most satisfactory season ever passed.

We also used the new preparation of adrenaline with oil and in gelatine with gratifying results.

We wish to thank the Staffs of the Charity Hospital and the L. S. U. for their cooperation and the following firms who generously supplied us with experimental material:

Lafayette Pharmaceutical Co.  
Parke Davis & Co.  
Merck & Co.  
Sharpe & Dohme  
Winthrop Chemical Co.

Respectfully submitted,

NARCISSE F. THIBERGE, M. D., Chief of Allergy.  
LOUIS CABOCHE, M. D., Visiting Allergist.

June	489	June	4,196	June	270
Total	5,630	Total	43,623	Total	3,424

I wish to express sincere gratitude to the Director and to the Board of  
Administrators for their assistance and consideration; to the Visiting Staff  
and to the House Staff for their generous service and excellent cooperation;  
and, to the Charity Hospital Guild for their valuable and unfailing services.

Respectfully submitted,

SISTER PAULA, R. N.,  
Director.

## ANNUAL REPORT

### DEPARTMENT OF ANESTHESIA

The Department of Anesthesia, in this institution, has been completely reorganized, during the past year, and a great deal has been done to advance the standard of the anesthetics administered, as well as the instruction given in the Nursing School. The period of instruction has been increased to six (6) months, to comply with the regulations of the National Association of Nurse Anesthetists, and all anesthetics are administered by graduate nurse anesthetists or under their direct supervision.

I wish to thank Sister Henrietta, who has been of great assistance in accomplishing this reorganization and also to thank the members of the Anesthesia Staff for their cooperation.

Respectfully submitted,

C. B. ODOM, M. D.

Director, Department of Anesthesia.

## STATISTICAL REPORT OF THE SOCIAL SERVICE DEPARTMENT

To the Board of Administrators and Dr. George S. Bel, Director,  
The State of Louisiana Charity Hospital,  
New Orleans.

Gentlemen:

Herewith is presented the Statistical Report of the Social Service Department from June 30, 1937 to July 1, 1939.

These past two years have seen further growth in the Social Service Department in the way of better work and more adequate supervision. This has been made possible by adding more workers and supervisors. In an institution as large as this one which covers the entire state, the demands made upon the Social Service have been many and varied. To do the work adequately would take a much larger staff; however, an attempt has been made to do intensive work on some of the services, and by maintaining a rapid turnover in the case loads, to meet the great number of demands made upon the Department by the hospital and social agencies throughout the state. So much of the work of the Department with its patients depends upon the social agencies and resources in the city and state. When there is no money for relief the patients suffer, and incidentally the hospital, because then it is not possible to get patients quickly off the wards as there is no money for them to buy food and medicine, nor is there adequate provision for the chronic sick.

During this two year period a total of 46,286 cases were referred to the Social Service Department. Of this number 22,549 were new cases. The following statistics briefly indicate some of the types of problems and services rendered to the patients:

### *Services to Patients*

Unmarried mothers.....	505
Care of chronics.....	983
Transients.....	1,842
Convalescent care.....	720
Institutional care.....	182
Child care.....	124
Research for doctors.....	372
Examination of contacts.....	4,493
Miscellaneous.....	2,520

### *Cooperation with Doctors and Social Agencies*

Cases referred by doctors.....	9,316
Cases referred to social agencies.....	8,181
Cases referred by social agencies.....	27,192
Cases referred from other sources.....	1,597
(sisters, nurses, patients and relatives of patients)	

# STATISTICAL REPORT OF THE SOCIAL SERVICE DEPARTMENT

## —Continued

### Division of Cases

Number from Orleans Parish	24,015
Number from other parishes	22,143
Number from other states	128

The number of visits, interviews and charity rate railroad tickets issued gives an idea of other phases of the work. In accordance with the transportation agreement, the patients were all investigated before the tickets were purchased.

### Visits, Interviews and Other Contacts

Number of home visits	9,600
Number of agency visits	1,647
Number of contact interviews	52,873
Number of clinic interviews	54,357
Number of office interviews	23,058
Number of ward interviews	35,501
Number of letters	60,248
Number of telegrams	489

### Transportation

Charity rate tickets purchased by patients	4,689	\$7,753.80
Charity rate tickets purchased by agencies	1,050	1,833.25
Charity rate tickets purchased by department and patient	12	18.69

### Medical Follow-Up

Treatment to be effective must be continuous and, if the disease is a communicable one, treatment must be extended to all in the patient group who have come in contact with it. Recognizing the importance of follow-up the Department has made every effort to carry through medical social follow-up programs in the following fields: syphilis, tuberculosis, diabetes, tumor and eye.

Cases followed	25,136
Home Visits	5,772
Interpretive interviews	18,920
Letters written	33,172
Telephone calls	5,880

Respectfully submitted,

BEATRICE HODGE

Director

Medical Social Service Department

Proprietary Formulas .....	5,683
Total .....	52,266

## REPORT OF THE NURSING DEPARTMENT

To the Board of Administrators and Doctor George S. Bel, Director,  
Charity Hospital of Louisiana at New Orleans:

Gentlemen:

The annual reports of the Nursing Department for the two fiscal years from July 1, 1937, to June 30, 1939 have been combined and are herewith presented in brief form:

### REORGANIZATION

Since the fall of 1937, a program of reorganization has been under way in the Nursing Department. An effort has been made to distinguish between nursing education and nursing service, and this report will give a brief review of the activities of the two divisions of the Nursing Department, the Nursing Education Division and the Nursing Service Division.

### NURSING EDUCATION

#### *Faculty Organization*

The administration of the school of nursing rests largely in the hands of an executive council of the faculty which meets weekly and is presided over by the Director of the School. The council formulates policies of administration and makes decisions upon serious problems arising within the school. Several of the more important accomplishments of the council during the past two years are as follows:

1. The adoption of the new curriculum for schools of nursing recommended by the National League of Nursing Education. This action necessitated two major changes in the school program: first, the admission of one class yearly instead of two as formerly; and secondly, the extension of the preclinical period from four to eight months.
2. Vacations of all student nurses increased from three to four weeks annually.
3. Affiliation of the Charity Hospital School of Nursing with the local Child Welfare and Community Health Association, which permits us to give our students two months of experience in the public health field during their third year.

#### *Extra-Professional Program for Nursing Students*

A social director was appointed for the school in October, 1937, to work with the students in developing a program of extra-curricular activities. Student Government has been successfully instituted in the school and the following five clubs are now actively functioning: Social Club, Athletic Club, Glee Club, Literary and Dramatic Club, and Sigma Alpha Chi, an honorary scholastic club.

#### *Statistics*

The end of the fiscal year finds 232 students enrolled in the school of nursing, including 199 of our own students, 8 affiliating students, and 25

## REPORT OF NURSING DEPARTMENT—Continued

postgraduate students. Seventy-five students were admitted in October, 1937, and 106 in September, 1938. The diploma of the school was awarded to 56 students in 1938, and to 52 students in 1939.

### NURSING SERVICE

The Nursing Service Division, with headquarters in the Nursing Service Office, handles all problems relating to the nursing care of patients. This division has been most active in formulating plans for the improvement of nursing care in the new hospital, functioning chiefly through a Nursing Service Council composed of the administrative staff of the nursing department.

#### *Staff Education Program*

Under the chairmanship of a director of clinical instruction and supervision employed in September of 1938, a successful educational program has been carried on through weekly supervisors conferences and head nurse meetings. Several noteworthy improvements have been made, of which we mention only a few:

1. The establishment of a 48 hour working week for all members of nursing staff.
2. The compilation of a daily nursing service schedule, together with a schedule of duties for supervisors and head nurses.

#### *Subsidiary Workers Program*

One of the biggest achievements of the nursing service division during the past year was the organization of a teaching program for subsidiary workers, who number about 400 at present. In April, classes were arranged for both white and colored helpers. A nurse who has had experience in conducting this type of program was secured from one of the outstanding western hospitals and she has assumed responsibility for continuing the program. Plans now include the selection of uniforms for this group, outlining of duties, and classroom instruction and supervision of actual work on the wards. Subsidiary workers have been classified into three distinct groups — ward helpers and orderlies who will assist in the care of the patients; pantry maids who will function under the Dietary Department in the new hospital; and cleaners who will be under the charge of the housekeeping division of the nursing department.

#### *Nursing Service Statistics*

On July 1, 1938, the entire nursing personnel of Charity Hospital, including both graduate and student nurses, was approximately 450. We gratefully acknowledge the generosity of our administrators in listing the increase in staff during the year following, for July 1, 1939 finds a total of 570. Requests for information regarding employment on our staff were received from 808 nurses during the fiscal year just ending. An average of 8 resignations have been accepted monthly during this past year.

## REPORT OF NURSING DEPARTMENT—Continued

### RECOMMENDATIONS

The general recommendations which seem urgent at this time are as follows:

1. An increased budget for the nursing department to permit the employment of additional nurses needed to provide a minimum of one and one-half hours of nursing care to each patient in the new hospital. It is also felt that about 25 additional graduate nurses are needed in the Out-Patient Department to supervise the care given to patients attending our clinics, and to maintain a teaching program for student nurses.
2. Provision in the hospital for locker rooms and rest rooms for graduate nurses who live outside the hospital.
3. The establishment of a recreational fund for our School of Nursing.
4. The employment of additional dietitians for the floors of the new hospital to supervise food service to the patients, thereby permitting nursing supervisors to give more time to nursing duties.

### APPRECIATION

The Nursing Department is deeply appreciative of the splendid cooperation which it has received from the other departments in the hospital during this past year. Especially, do we wish to make known our gratitude to the members of our Board and particularly to Doctor Bel for their unfailing help and support. To the medical group who have cared for our sick nurses and to those members of our teaching staff who have rendered untiring service to the School, we express our sincere gratitude.

Respectfully submitted.

SISTER STANISLAUS, R. N.  
Director, Department of Nursing

SISTER MATHILDE, M. A.  
Assistant to the Director of the  
Department of Nursing

SISTER HENRIETTA, R. N., M. S.  
Director, School of Nursing and  
Nursing Service

SISTER SYLVIA, R. N. B. S.  
Associate Director, School of Nursing

SISTER URBAN, R. N., B. S.  
Assistant Director, Nursing Service

## PHARMACY DEPARTMENT

The following is a report of the Pharmacy Department for the year ending June 30th, 1938:

Special Prescriptions filled .....	76,737
Narcotic Prescriptions filled .....	3,425
Stock Prescriptions filled .....	73,332
Total .....	153,494

## SERUMS AND ANTITOXINS PURCHASED

Antidysenteric Serum, Poly. ....	33
Antianthrax Serum .....	25
Antimeningococcic Serum, 30 cc .....	136
Meningococcus Antitoxin .....	420
Antipneumococcic Serum, 20,000 units .....	48
Antistreptococcic Serum, 10,000 units .....	10
Antistreptococcoc Serum .....	5
Antistreptococcoc Serum, Erysipelas .....	15
Scarlet Fever Streptococcus Antitoxin .....	5
Antivenin .....	9
Gas Gangrene Antitoxin, Therapeutic .....	64
Tetanus Antitoxin, 1500 units .....	21,000
Tetanus Antitoxin, 10,000 units .....	136
Tetanus Antitoxin, 20,000 units .....	186
Tetanus Gas Gangrene Antitoxin .....	1,100

## ARSPHENAMINES DISPENSED

Neoarsphenamine, 0.30 Gm .....	1,500
Neoarsphenamine, 0.45 Gm .....	900
Neoarsphenamine, 0.60 Gm .....	1,800
Neoarsphenamine, 3.00 Gm (Clinic) .....	3,500
Bismarsen, 0.10 Gm (Clinic) .....	8,000

## INSULIN PURCHASED

Insulin U-20-10 cc .....	1,300
Insulin U-40-10 cc .....	1,600
Insulin Protamine zinc U-40-10 cc .....	660
Insuline Protamine zinc U-80-10 cc .....	20

A. P. LAUVE, *Chief Pharmacist*

# PHARMACY DEPARTMENT

The following is a report of the Drug Department for the year ending June 30, 1939:

Special Prescriptions filled .....	37,241
Narcotic Prescriptions filled .....	4,030
Stock Prescriptions filled .....	116,870
Total .....	158,141

## SERUMS AND ANTITOXINS PURCHASED

Anti-Anthrax 50 cc .....	21	vials
Anti-Dysenteric Serum .....	8	vials
Anti-Influenza Serum (Meningococcic Serum) .....	23	vials
Anti-Meningococcic Serum 30 cc .....	52	vials
Anti-Pneumococcic Serum 20,000 Units Type 1 .....	454	vials
Anti-Pneumococcic Serum 20,000 Units Type 2 .....	20	vials
Anti-Pneumococcic Serum 20,000 Units Type 3 .....	76	vials
Anti-Pneumococcic Serum 20,000 Units Type 4 .....	84	vials
Anti-Pneumococcic Serum 20,000 Units Type 5 .....	94	vials
Anti-Pneumococcic Serum 20,000 Units Type 6 .....	56	vials
Anti-Pneumococcic Serum 20,000 Units Type 7 .....	178	vials
Anti-Pneumococcic Serum 20,000 Units Type 8 .....	65	vials
Anti-Pneumococcic Serum 20,000 Units Type 9 .....	10	vials
Anti-Pneumococcic Serum 20,000 Units Type 10 .....	23	vials
Anti-Pneumococcic Serum 20,000 Units Type 11 .....	10	vials
Anti-Pneumococcic Serum 20,000 Units Type 12 .....	23	vials
Anti-Pneumococcic Serum 20,000 Units Type 13 .....	11	vials
Anti-Pneumococcic Serum 20,000 Units Type 14 .....	68	vials
Anti-Pneumococcic Serum 20,000 Units Type 15 .....	35	vials
Anti-Pneumococcic Serum 20,000 Units Type 16 .....	99	vials
Anti-Pneumococcic Serum 20,000 Units Type 17 .....	5	vials
Anti-Pneumococcic Serum 20,000 Units Type 18 .....	23	vials
Anti-Pneumococcic Serum 20,000 Units Type 19 .....	36	vials
Anti-Pneumococcic Serum 20,000 Units Type 20 .....	5	vials
Anti-Pneumococcic Serum 20,000 Units Type 23 .....	28	vials
Anti-Pneumococcic Serum 20,000 Units Type 24 .....	6	vials
Anti-Pneumococcic Serum 20,000 Units Type 28 .....	11	vials
Anti-Pneumococcic Serum 20,000 Units Type 29 .....	15	vials
Anti-Pneumococcic Serum 20,000 Units Type 31 .....	13	vials
Total of Pneumonia Serum .....	1,448	vials

## REPORT OF NURSING DEPARTMENT—Continued

Antivenin 10 cc	23 vials
Brucellergin	10 vials
Catarrahal Vaccine	59 vials
Cold Vaccine	20 vials
Coli Vaccine	18 vials
Colo Lysate	2 vials
Diphtheria Antitoxin 10,000 Units	420 vials
Diphtheria Antitoxin 20,000 Units	450 vials
Diphtheria Toxoid	2 vials
Furunculosis Vaccine	130 vials
Gas Gangrene Antitoxin	58 vials
Immune Globulin 10 cc	6 vials
Influenza Mixed Vaccine	31 vials
Melitensis Vaccine 5 cc	8 vials
Meningococcus Antitoxin	370 vials
Old Tuberculin	5 vials
Pertussis Vaccine	2 vials
Scarlet Fever Antitoxin	9 vials
Snake Venom	30 vials
Staphylo Strept.	2 vials
Staphylo Antitoxin 10,000 Units	3 vials
Staphylo Antitoxin 20,000 Units	8 vials
Staphylo Toxoid #1 Dilution	13 vials
Staphylo Toxoid #2 Dilution	2 vials
Streptococcus Vaccine	89 vials
Tetanus Antitoxin 1,500 Units	16,000 vials
Tetanus Antitoxin 10,000 Units	132 vials
Tetanus Antitoxin 20,000 Units	180 vials
Tetanus Gas Gangrene	1,335 vials
Tuberculin PPD	1 vials
Typhoid Mixed Vaccine 20 cc	127 vials
Typhoid Mixed Vaccine 1 cc	210 vials
Typhoid H Antigen	30 vials

## ARSPHENAMINES PURCHASED

Bismarsen	0.2 gm	8,000 amps.
Mapharsen	0.4 gm	160 amps.
Neoarsphenamine	0.30 gm	1,400 amps.
Neoarsphenamine	0.60 gm	700 amps
Neoarsphenamine	0.45 gm	700 amps
Neoarsphenamine	3.00 gm	3,500 amps.
Sulpharsenamine	0.2 gm	300 amps.
Tryparsanide	0.3 gm	40 amps.
Tryparsamide	1.0 gm	75 amps

## PHARMACY DEPARTMENT—Continued

Tryparsamide	2.0 gm.....	25 amps
Tryparsamide	3.0 gm.....	35 amps.
Tryparsamide	50 gm.....	30 bottles

## INSULIN PURCHASED

U-20-10 cc	.....	441 vials
U-40-10 cc	.....	940 vials
Protamine Zinc U-40-10 cc	.....	380 vials
Zinc Crystalline U-40-10 cc	.....	200 vials
